Young Researcher Conference

Organized by COST Action Mye-InfoBank (CA20117), here's your chance to catch up with newest approaches to computational biology and some old school lab work!

CONFERENCE SPEAKERS

Neutrophil biology

Mathias Schmidt
University Hospital Essen

F. Hoffman Vega
University Hospital Essen

Hamdullah Yanik
Hacettepe University

cost
EUROPEAN COOPERATION
IN SCIENCE & TECHNOLOGY

<Mye-INFOBANK>
DACI

Big data: tumor microenvironment

Duygu Keremitçi
Ege University

Kevin Mulder
Université Paris-Saclay

Ebru Kocakaya
Ege University

11-06-2024

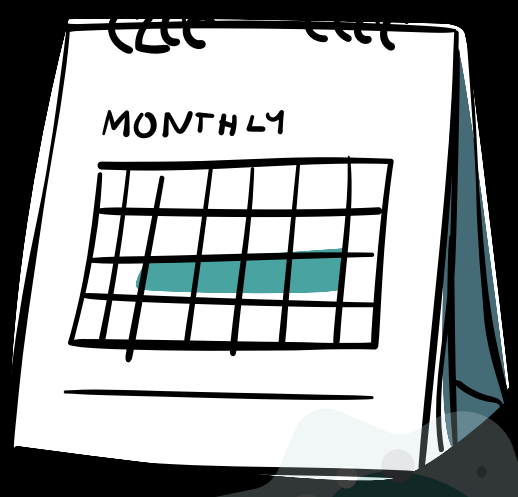
Events Calendar



11 JUNE

13:00 GMT+2

20min talk + 10min discussion

01	NEUTROPHILS	Spatial analysis of myeloid cells in tumors: from technical challenges to scientific insight.
02	NEUTROPHILS	Modulation of tumor-neutrophils interaction by the microbiota in oral cancer
03	NEUTROPHILS	Molecular and functional analysis of neutrophil subpopulations of different density in colorectal cancer

15min break

04	BIG DATA	Hierarchical classification for identifying macrophage subtypes in lung cancer tumor microenvironment with pseudo-bulking approach
05	BIG DATA	Integrative analysis of mononuclear phagocytes across tissues : a multifaceted approach
06	BIG DATA	Identification of potential target antigens for CAR T-cell therapy against lung cancer using scRNA-seq and pseudo bulk analysis
